### And What Have You

By BOB CRAIG

The Delton Jacksons, Kyle, and the Gary Coopers spend a lot of time water skiing and are pretty good at it but they found out this weekend that they just thought that they could ski after spending the weekend in Austin watching the National Water Ski Championships.

Among the top skiers in the meet were Barbara Clack, 1966 Women's Overall Champion; Liz Allen, Women's World Champion; Roland Hillier, Men's World Champion; Allen Kempton, World Champion Trick Skier; Joker Osborn and Mike Osborn, World Champions; and Chuck Stearns, World Record Holder, Speed Skiing, 119 mph. John Koehner, National Water Ski Kite Flying Champion, put on a kite flying exhibition. Other exhibitions included Para-Sail flying and a professional team of high speed skiers from California skiing at speeds from 70 to 100 mph.

They say that the Nationals are usually held in Florida or some of the North-Eastern states and only come to Texas every six to 12 years. Next year they will be in Ohio.

They urge everyone interested in skiing to attend the Nationals the next time they come to Texas but they say to leave your skis at home.

Within the next few weeks checks totalling more than 30 million dollars will be mailed to Rolling Plains cotton farmers. These checks represent payment to farmers for complying with 1967 federal crop-control programs.

According to Charles Stenholm, executive vice president of the Rolling Plains Cotton Growers, there are many misconceptions as to just exactly what these payments are.

"Too many urban people and their legislators fail to recognize government payments to farmers for what they are — an inseparable part of the price received by the producer for his commodities — and a part without which, in most instances, such commodities could not and would not be produced.

It would be a safe assumption to say that the average farmer would much prefer to sell his cotton and receive his income solely at the market place. After all farmers, too, are tax-payers and government payments of any kind are tax-payers money being collected and re-distributed. They might be compared to giving oneself a blood transfusion regularly with your own blood and spilling a little each time.

But with farmers making up only 7% of the total population, others largely decide how much and how farmers should be paid for producing their products and farmers lacking sufficient organization are compelled to go along.

In 1963 the average selling price of Rolling Plains cotton was 28.54 cents per pound. In 1967 the average selling price will be 15.30 cents per pound. Cotton mills are buying cotton at \$65.00 per bale, cheaper today than in 1963 and yet the price of cotton sheets, shirts, dresses, etc. have increased.

Herein lies the reason for the checks now being mailed. Even with the subsidy, farmers in the area will be receiving only 26.50 cents per pound or 2 cents less than in 1963.

This is an area problem, not just a farmer's problem. When a farmer is paid less for what he grows, he has less money to spend. When his cost of production is increased at the same time you drive him out of business. When you drive 7 farmers out of business in the Rolling Plains, you also drive out one business man.

The business man and the farmer in the Rolling Plains are in the same cost-price squeeze. There is no simple answer but it appears that by working to understand each other's problems fully and then working together to solve them, we might do a much better job.

### The STRENGTH of a Nation ...

At this time, our thoughts are turned to our nation and the war that was fought to bring freedom to our land. Pictured here is a monument to the leader of our people at that time. The people were willing to give their lives that we might be free from tyranny, and have the right to worship as we please. God was with us then as he was with the children of Israel when Moses led them from Egypt. Upon receiving their freedom they sang . . . "The Lord is my strength and song, and he is become my salvation: he is my God, and I will prepare him an habitation; my father's God, and I will exalt him." Exodus 15:2

Help keep our Nation strong by relying on the strength of the Lord. Attend Church Regularly.

world for spreading the knowledge of His lave to that lave by laving his neighbor. Wirhout this grounding in the lave of God, no government or society or way of life will long persevere and the freedoms which we hald so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphald and participate in the Church because it tells the truth about man's life, death and destiny; the truth which

#### New Rules For Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

- What must I do to qualify for II-S classification Texas A&M where he received as an undergraduate college student?

A - You must file a written request with your draft board after June 30, 1967. At the end of each school year you must for nish the board with convincing evidence that you are continuing to pursue satisfactorily a fulltime course of instruction.

Q - How is the phrase "satisfactorily pursuing a a full-time course of instruction" defined?

An undergraduate student taking a four-year course must earn 25% of the credits toward his bachelor's degree at the end of his first academic year, 50% at the end of his second, and 75% at the end of his third. If five years of study are prescribed by the school for a bachelor's degree in some field, a student must earn 20% of the total credits toward the degree each year.

Q - What is meant by a "students academic year"? A — In determining a student's eligibility for classification in Class II-S (college student), his academic year shall include the 12-month period following the beginning of his course of study

ought to do is pick 12 fairminded, reputable men interested in a jury career and sign them up for say a fouryear term. Lock them up in a comfortable quarters, pay them a first-rate salary, feed and exercise them carefully, but don't let them find out anything. After all you never know what citizen, however prominent, may be envolved next. No newspapers, no radio, and no newscasts on television, just Gunsmoke and sports and soap operas if they

can take them. With 12 men with fresh minds and completely out of touch with everything, every case could go to trial immediately, or as soon as the lawyers on both sides got through with their customary delays. Just get set, get the judges in place, call for quiet, then open the door and let the

#### Former Resident, Mrs. Freeman Dies In Houston

Mrs. Ritta C. Freeman of Strawn, a former resident of Hamlin for 15 years, died at 6:25 p.m. Wednesday at M. D. Anderson Hospital in Houston. Services were held Saturday at the First Methodist Church by the pastor, Rev. James Waller, officiating.

She was born Feb. 15, 1904, in Toler, Tex. She formerly taught in Strawn and Ranger schools. She moved to Strawn from Hamlin four years ago. She was a member of Strawn First Methodist Church and Order of Eastern Star.

Interment was in Tolar Cemetery.

Survivors include daughter, Mrs. Amanda Ronslaven of Houston; one son, James W. Freeman of Dallas; two sisters, Mrs. J. O. Pruitt of Glenrose, Mrs. Henry Rose of Rock Springs; one brother O. C. Curl of Ft. Worth and four grandchildren.

#### Tractor Driving Contest Planned At W-T Fair

A unique contest, not one featuring animals, will be one of the many highlights of the West Texas Fair September 11-16 in Abilene.

It is a tractor - driving contest and contestants will be 4-H and FFA youngesters. It is designed to advance safety, skill and efficiency in the use of power farm equipment, according to Tommy Cutler,

chairman of the contest. A total of \$310 will be awarded the eight youngsters who turn in the best score for the event with \$100 earmarked for the champion, Cutler said.

The contest will be held in two sections with eliminations set for 8:30 a.m. Friday, Sept. 15, with the finals set for Saturday, Sept. 16, Cutler

Contestants must be regularly enrolled members of either a 4-H Club or the FFA and must be at least 14 years of age but must not exceed age 20 prior to Jan. 1, 1967.

#### Franklin County To Meet Sept. 3

The Franklin County Reunion will be held again at the Fair Building across from Forrest Park in Lamesa Sunday, Sept. 3.

Everyone is welcome to come and bring a basket lunch. Cold drinks will be furnished, according to the secretary, Mrs. T. P. Turner of Hamlin.

AUSTIN, - State and hospital officials are confident the far-reaching new medicaid program will begin functioning as scheduled on September 1. appetite to match and have

Program will bring medical and hospital benefits to 350,000 needy Texans. It is authorized by the same federal law which

provides medicare to old folks. Texas Department of Public Welfare, which will administer medicaid, estimates benefits during the first year of operation will total \$125,000,000. Federal funds will match a \$26,700,000 state outlay on a four-to-one basis.

Points to remember:

Eligible for benefits Texans on public welfare assistance rolls - old age assistance, aid to blind, families with dependent children and the totally and permanently disabled, or those eligible for such assistance who are patients at state mental and tuberculosis hospitals. ( Coverage is automatic for the latter, with no application as such required.)

Services include in-patient and out-patient hospital care, diagnostic work such as laboratory fees and x-ray costs, doctor bills and nursing home charges.

Bills will be paid through a "fiscal intermediary". Welfare Department will contract with Blue Cross-Blue Shield to handle doctors' bills (on strict basis of prevailing charges). Hospitals will be paid actual costs as shown by audit. Blue Cross-Blue Shield will be reimbursed by the state and will receive an additional service fee.

Eligible welfare enrollees will receive identification cards from the Department of Public Welfare. Cards can be presented to insure care as limited by details of the federal act (Title 19).

UNDESIRABLE FISH GET STUDY - Texas Parks and Wildlife Commission will hold a hearing Thursday (August 17) to map rules and regulations for importation, sale or release of undesirable tropical fish or fish eggs. Staff members will present

a list of undesirable tropical fish, including 11 species and several members of the snakeheaded fish genera. Included among "undesirables": the Aruana, three species of Piranha, the electric eel and electric catfish, Gar-pike,

Pavon or Peacock bass, two species of South American catfish and the fresh water stingray. Snakeheaded fish have teeth, a big mouth and
